If you are using credit transfer for Communications and/or General Education courses, connect with Jenny to discuss your course sequencing.

Option: there are two 84 hour courses in this program. In semesters where you take an 84 hour course, we have planned out only two courses for the 3 course per semester option and one course for the 2 course per semester option.

You can add a second or third course if you feel you can handle the workload. Connect with us to discuss adjustments to your delivery schedule as certain courses are not available online every semester.

As a part-time student, you can take 1, 2 or 3 courses per semester. You can change the number of courses you take each semester. If you change the number of courses you take, connect with us so we can ensure you can find online courses every semester.

All courses offered online are also available in-class although not always in the same semester. You can take in-class courses if that is your preference. There are no specific evening hour classes.
